MUSEUM OF FINE ARTS  
BOSTON

INCORPORATED FEBRUARY 4, 1870

THE Museum is a permanent public exhibition of original works of the art of Egypt, Greece, Rome, the Orient, and modern Europe and America, supplemented by reproductions of others. It is supported wholly by private gifts and managed by a Board of Trustees including representatives of Harvard University, the Boston Athenaeum, the Massachusetts Institute of Technology, the City and the State, with the coöperation of a responsible staff. Visitors, about 250,000 annually.

A public museum of fine art offers the whole people an unfailing source of interest, improvement and delight. It is especially the privilege of wealth to further the enrichment of museum collections and their interpretation to the visitor. Opportunities not likely to recur for the acquisition of important objects present themselves continually. The oral and written exposition of the works shown demands highly trained assistance. In the measure of the funds placed at its command by gift or bequest, a museum can both widen and deepen its influence.

The legal title is "Museum of Fine Arts." Names of givers are permanently attached to objects purchased with their gifts.
